Direct Vent Fireplace Systems

DVB SERIES

Not only does a fireplace make a beautiful addition to your home, but a direct vent fireplace from Majestic is an excellent way to heat rooms that seem to remain cold and damp without heating up your entire house. The DVB series of fireplaces offers a classic fireplace design in a range of sizes. Enjoy the flickering flames with viewing areas from 486 to 795 square inches and the warmth of BTU's ranging from 15,000 right up to 26,000. Operating your DVB fireplace is simple with an illustrated deluxe control panel. All DVB fireplaces come with standard black louvers but choose from a range of optional accessories and finishes to give your Majestic DVB direct vent fireplace a custom look that fits seamlessly into your décor.
