

CRYSTALLINE

Framed By-Pass

Modern look with the substantial quality of a framed design.

The Crystalline Framed By-Pass has been designed to offer the quality and beauty of the Crystalline Frameless By-Pass with the added substance of a framed unit.

The framed look adds to the quality and beauty of the Crystalline By-Pass unit with its slim glass framing. All extrusions have a polished anodized finish and the sleek polished towel bar and extrusions complete the timeless look of the Crystalline Framed By-Pass.

The Crystalline Framed By-Pass can be installed as a stand-alone door unit or with in-line or return panels and is available in several standard sizes or can be customized to fit your opening.

CRYSTALLINE

Frameless By-Pass

The quality of the frameless Crystalline By-Pass shines through. Combining its hallmark open look with quality engineering, the Crystalline By-Pass provides an innovative alternative to framed enclosures. This frameless look is accentuated by the gracefully-shaped lines of the clear acrylic towel bar and the contemporary profile of the header.

The polished anodized finish of all extrusions, including the brackets and finger pulls, and its easy installation and adjustment makes the Crystalline By-Pass a solid unit that is a complete reflection of quality. This frameless unit works well in custom and standard installations, is available in a variety of colors, including gold, silver, white and brushed nickel, and comes standard with $\frac{3}{16}$ inch glass or has a $\frac{1}{4}$ inch glass option.
