CRYSTALLINE

Frameless Hinge

Designed in a minimalist fashion, the **CRYSTALLINE FRAMELESS** series creates a door of classic design.

Customize Your **CRYSTALLINE**

To create a sophisticated heavy glass look at an affordable price, the CrystalLine Frameless Hinge is available with C-Pull, Deluxe C-Pull or C-Pull/Towel Bar Combo. A heavier header option is also available for

oversized units. The sweep system uses a nearly invisible vinyl drip to enhance its contemporary appearance and provide a positive water barrier.

Glazed doors kits come standard with ¼ inch glass for a heavier feel and superior operation.

F r a m e d H i n g e

The **CRYSTALLINE FRAMED** series has set a design benchmark that will stand the test of time

Solid, Stable Appearance of **CRYSTALLINE**

Heavy duty extrusions provide good looks and lasting strength.

Available pre-cut, in kits or in stock lengths for on-the-job fitting, this versatile flush glazed system brings a contemporary look to today's bathroom.

Our two-piece drip cap for the framed door makes for an easier installation and better drainage. A full length magnetic latch on the framed hinge door provides a watertight seal while maintaining the open CrystallLine look. The rounded header completes the contemporary feel of this enclosure.

CRYSTALLINE

Hinge System

The highlights of this shower enclosure system create a door of classic design.

Exclusive Hidden Continuous Hinge

The smooth operation of our continuous hinge adds a quality touch to any installation, and its positive stop adds to the life and function of your door.

Optional Steam Insert

For those wanting a relaxing steam room, the optional insert provides the necessary barrier.

CRYSTALLINE Frameless Hinge Systems

Utilizing a unique magnetic latch system, this door provides a strong seal to control shower spray.

CRYSTALLINE Framed Hinge Systems

Its full length magnetic latch and solid construction make this door watertight while complementing its fine style.

CRYSTALLINE HINGE SYSTEM

The CrystalLine Hinge Door System gives you a more open look with a simpler system of installation. The form follows function as Southeastern Aluminum's heavy duty extrusions are designed to make your work look better and your job go easier.

Features such as the buttress option with its two-piece snap fittings to eliminate H-Post notching, are a clear indication that the CrystalLine Hinge System has been designed for you and your customer.
