

# CLASSIC

## BY-PASS

*Expensive in style, economical in price – that's the Classic By-Pass from Southeastern Aluminum.* The Classic has our exclusive "Free Flow" still track with floating nylon guides attached to the door panels. This allows for both positive door traction and an easy-clean sill. Towel bars are set in cast brackets and finished front and back to create a classic look with a solid touch. This bright silver enclosure comes standard with obscure glass or KD. Clear glass is available in select sizes.

# PARKLANE

## BY-PASS

*The Parklane By-Pass is a sleek, framed bath enclosure engineered for strength, beauty and easy maintenance. The header design – an elegantly simple rounded profile – adds an architectural elegance to the strength and overall design values of the Parklane By-Pass. One of the key values of the Parklane is its ease of cleaning, due to the exclusive “Free Flow” sill track system that has no obstructions but still provides positive door traction. Polished towel bars and brackets provide a smooth touch of elegance. The Parklane By-Pass is available in standard or custom sizes, with silver, gold, white, biscuit, black or oil-rubbed bronze finishes and a variety of glazings.*
